## **Sign Ups**

All students are welcome and will be accepted until we reach our maximum of 25 students. Students will be accepted on a first-come, first-serve basis.

## **Snacks**

There will be a 15-minute snack break each day, snacks are not provided.

## **Personal Belongings**

To prevent theft or missing items, we ask that students use cell phones strictly for parent/guardian contact. Cell phones are not necessary for the program and students can use cell phones of an RCMakes team member if they do not bring their own. RCMakes is not responsible for lost, damaged, missing, or stolen items.

## **Discipline**

The goal of this program is to educate and prepare students for their futures. This is an opportunity for students and should be treated as privilege to be a part of. Any horseplay or misbehavior that hinders or distracts others from learning is not tolerated. Any misbehavior after the first warning can lead to parent contact, exclusion from activities, or expulsion from the program.

## **Safety**

Students will learn to use various tools and machines to cut different types of wood. These machines can be dangerous if used incorrectly. Program leaders will make sure students are taught in a safe and careful manner. Students **must** follow directions to be able to use these machines. Students and parents must also print and fill out the RCMakes Shop Policy found in the registration form, which will be turned in on the first day.

## **Payment**

RCMakes is a school-based, student-operated, non-profit organization that directly impacts Rancho Campana High School and its student interns.
